

# Bistro 46

In September 2007 we opened Bistro 46, this was Chris' dream to run his own restaurant. We have successfully traded since then for nearly 9 years but today is both a sad and exciting day for us as this marks the end of Bistro 46 but a new chapter in our lives. Since owning the bistro we have moved in together, got married, moved house, got a puppy, had two amazing daughters and experienced many other life events. We are very proud of what we have achieved as Bistro 46 and have felt very welcome within the Brixham

community. We will continue to live here as it's an amazing place to live, work and visit but this is a sad goodbye from Bistro 46.

Many thanks to everyone for your kind and valued support and we are so lucky to have made many friends!

**Thank You from Chris and Sophie**
